## Candidate Record Form

As a testament to just how precious the sacraments are, each parish is required to keep very thorough records of sacraments received within the parish. It is very important that we have each piece of information correct. To facilitate our record keeping, please fill out this form and return it to your teacher by the specified date. While this is just a “technical detail” in comparison with your spiritual preparation for the sacrament, you still will not be “cleared” for Confirmation until we have received this form with everything filled in correctly. Please print clearly. Thank you!
